Summary

Enthusiastic and detail-oriented Software Development student with hands-on experience in Java, Python, and JavaScript. Skilled in problem-solving, programming, and teamwork, with a strong desire to apply my skills in real-world projects and continue learning new technologies.

Education

Diploma in Software Development - Mohawk College

Expected Graduation: 2025

Skills

- Programming Languages: Java, Python, JavaScript, SQL
- Frameworks: Spring Boot, Django
- Tools: Git, Visual Studio Code, IntelliJ IDEA
- Database Management: MySQL, PostgreSQL
- Soft Skills: Problem-solving, Team Collaboration, Adaptability

Projects

- Java Web Application: Built a full-stack web application integrating Java and SQL databases.
- Python Data Analysis Tool: Developed a Python tool for analyzing and visualizing large datasets.
- JavaScript Interactive Website: Created a dynamic website using JavaScript for enhanced user engagement.

Work Experience

Software Development Intern (Hypothetical) - Tech Innovators

May 2023 - August 2023

- Assisted in developing backend services in Java and integrated SQL database connections.
- Collaborated with team members on front-end improvements using JavaScript.
- Documented code changes and managed code versions through Git.
